

PAWS & EFFECT

WE HAVE A LITTLE SECRET TO SHARE WITH YOU

Big News — We are excited to announce that we are transitioning to our new name of PAWS – “Providing for Animals Waiting in Shelters”. As we expand our outreach and vision, PAWS will help us achieve our goals. But don’t worry, Claus For Paws has not gone away! Rest assured that we will be back, in the fall, with our many donation crates and events. We at PAWS are thrilled with how quickly this grass roots organization has grown in just 3 years, and we know it is thanks to all of you who have come on board and helped us make dreams come true for shelter animals across Vermont.
