## Stink-Proof & Waterproof Dog Collars

If you haven't already seen these amazing collars, check them out at Pet Food Warehouse, Doggie Styles, The Grooming Shoppe, Oh My Dog, Guy's Farm and Yard, and of course on our website. These rugged collars are available in a number of bright, vibrant colors and are great for any dog in any weather. We will soon be offering a reflective line of collars in the same fun colors. Keep an eye out for them in the various locations listed above.

## Santa Goes Hawiaian

We had an amazing turnout at our Christmas in July celebration at the Pet Food Warehouse. Many dogs and a pig...yes I said pig, came for their photo with Santa. We thank the South Burlington Fire Department for taking part in our event for Pet Fire Safety Day and to Santa for taking time out from his busy workshop in the North Pole.

## Summer Safety Tips

- DO NOT leave your pets in a hot car EVER
- Be sure your pets have plenty of fresh water and shade
- Pay attention to warnings about blue-green algae
- Use Flea/Tick prevention year around
- Pavement is very HOT...use caution when walking your dog as their pads can easily burn
